Shoot Management and Shoot-offs

- 1) All iShoots will have a HOST Club that the entire shoot will be reported under. MSSA will report the scores and results for the HOST Club to NSSA.
- 2) Clubs will use the current version of NSSA Skeet Manager program, currently 24.01. This software and the iSkeet_iSync application are available for download by any NSSA member club at your NSSA Club Homepage: <https://mynssa.nssa-nasca.org/my-club-home-page/>
- 3) Clubs will have an administrative login at: <https://iskeet.org/iskeet> to iSync data, track scores, and shoot-off management.
- 4) Clubs will have access to a financial form at: <https://iskeet.org/iskeet> recapping the amount that should be rendered to MSSA. MSSA will distribute these funds to NSSA, MSSA, and winners. All clubs will pay their respective State Associations.
- 5) Clubs will pay any incurred costs out of the club portion of the shoot proceeds and retain any

remaining proceeds as profit.

6) Champion, Runner-Up, 3rd, Class and Option Shoot-offs

- MSSA will shoot-off Champion, Runner-Up, 3rd, Class 1st, Class 2nd, and Class 3rd at all shoots to benefit Zone VI Shooters with the most points available.
- Concurrent Champion ties will be shoot-off. Runner-Up, 3rd Class 1-1, and Class 1-2 ties will typically be broken concurrently with class shoot-offs or by long-run.
- Any shoot-offs that are missed or not otherwise broken will be broken by long-run.
- Shooters who are involved in shoot-offs should report to the shoot-off field at the club with one box of shells and some proofs.
- Shooters will shoot doubles on 3-4-5, NSSA Rules, until they complete the box or until 2 misses.
- Clubs will post shoot-off long-runs at: <https://iskeet.org/iskeet>
- If ties still exist after the first box the procedure will be repeated until all ties are broken statewide and posted at: <https://iskeet.org/iskeet>

Order of Shoot-offs

1. Event 1
2. Event 2
3. HOA Championship

Host clubs are encouraged hold shoot-offs at the end of an event or to allow shoot-offs during slack time on available fields.

7) HOA Handicap will be shoot-off concurrently with the HOA Championship shoot-offs.

8) Clubs will provide copies of shoot-off scoresheets either physical or electronic to MSSA for review in the event of questions by shooters attending the IMS200 shoot. There is an upload mechanism available in the iShoot application.

General Information

Shoot management reserves the right to adjust flight times according to shooter turnout. When practical shoot management will hold sub-event shootoffs during lunch and other breaks to expedite the shoot.

The spirit of the One Day iShoot

One day iShoots are intended to be low cost events with a format specifically intended to provide affordable registered targets to your club's membership, familiarize clubs with iShoot format operations, train new referees and shoot-support staff. This is especially true for 2024 Kolar US Open clubs who are urged to participate.

The budget of this shoot assumes club volunteer effort, squad referees and is intended to keep shooter costs at a minimum and still provide for some payback to the club for hosting the event. Options are also held to a minimum. Shooters/Clubs are encouraged to use this shoot and others of format as training for new referees and shoot-support staff in a laid-back atmosphere at the club.
